Dear Sir:-

On the 26th ultimo, we sent, under registered cover, to Washington, for redemption, a silver dollar of date of 189<sup>3</sup>, somewhat defaced from having passed through a fire, but of full weight; This coin it seems, was forwarded to you by the proper authorities at Washington, and to-day we are in receipt of your advice of the 2nd instant, enclosing a package said to contain forty-three cents representing value of the mutilated coin above referred to.

As this coin was of full weight, and but slightly mutilated we fail to see why we should receive only forty-three cents in lieu thereof, and we respectfully beg to enclose herewith the package sent us by you, and request that you return to us the coin above mentioned. We do not propose to accept the forty-three cents in lieu of the coin we forwarded.

Yours truly,

Cashier.
